Sir:

The petitioner, Aventis Pharmaceuticals Inc., having offices at 300 Somerset Corporate Boulevard, Bridgewater, NJ 08807, represents that it is the assignee of Application Serial No. 10/760,515, filed on January 20, 2004, by an assignment recorded at the USPTO set out in Reel 011082 Frame 0558 on November 13, 2000 (assignment of assignor's interest to assignee, Aventis Pharmaceuticals Inc. in the U.S. Patent No. 6,465,490, issued October 15, 2002 and the present application is a divisional from this patent).

The petitioner, Aventis Pharmaceuticals Inc., hereby disclaims the terminal part of any patent granted on the above-identified application, which would extend beyond the expiration date of U. S. S. Patent No. 6,465,490, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantee, its successors or assigns.

Such disclaimer does not, however, mean that petitioner hereby waives or disclaims any right to an extension of the term of any patent issuing from application serial number 10/838,035, under

35 USC §§ 155 to 156, pursuant to (a) Title II of Pub. L. No. 100-670, enacted November 16, 1988 and entitled "Patent Term Extension for Animal Drug Products", or (c) any other subsequently enacted Public Law or Act which provides for the extension of the term of a patent.

Such disclaimer does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term, as presently shortened by any terminal disclaimer of U. S. Patent No. 6,465,490 in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321(a), has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to the expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title as stated above.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
